To Whom It May Concern:

This is a letter of recommendation for Dave's Custom Painting, and David Foster. I recently had Dave repaint my cedar home and I am very, very pleased at the job that was done. Dave and his assistant were efficient and professional and did excellent work

They were clean, neat, and there were no surprises. Dave communicated exactly what he was going to do and completed it ahead of schedule with no added costs. He exceeded my expectations.

If you are planning on having your cedar home painted I would suggest strongly that you hire him for the job. You will not be disappointed. These days it seems that there are a lot of businesses that say one thing and then do another. This does not apply to Mr. Foster. He is honest and extremely competent in what he does.

If you want great results, call Dave.

Sincerely,

A handwritten signature in black ink that reads "William Deal". The signature is written in a cursive style with a large, stylized "W" and "D".

William Deal

Here are before and after pictures from a house I painted. The owner was so pleased that he sent me these pictures.

The Inn at Little Washington
